PROCYON®

HEALTHIER CLEANING CONCEPTS

A Safer Cleaning Choice.

PROCYON products are powerful and yet soap free, odor free, hypo-allergenic, non-toxic with no VOC's and no off-gassing. Made with all natural ingredients, PROCYON cleaning products are a safer cleaning choice.

Why Soap Free PROCYON?

- Safer cleaning products
- Carpets stay cleaner longer
- No soapy sticky residues
- No rapid resoiling
- No odor
- Brighter floors, carpets and tile
- Dries faster
- Feels softer

PROCYON Family of Products

Carpet & Upholstery Cleaner

Completely soap free, odor free, and non-toxic. Will not leave behind a soapy, sticky residue, greatly reducing rapid resoiling, so carpets stay cleaner longer. Breaks down old soap residues left behind from previous cleaners.

Spot & Stain Remover

Formulated with a soft water conditioner that leaves carpet & upholstery softer and brighter, without breaking down natural fibers. Removes grease, oil, dirt... just spray on and blot.

Tile, Grout & Stone Cleaner

A safe and POWERFUL cleaner! Penetrates the millions of pores in tile and releases the dirt and residues left behind from previous cleaning attempts. Grout will be restored to its original color and because there are no soapy, sticky residues left behind, the tile won't get slippery when wet!

Multi-Purpose Cleaner & Degreaser

Unlimited cleaning power. From blinds to walls and everything in between - including HVAC systems, smoke damage and duct tape.

Extreme! Carpet Cleaner

With a higher pH, this product will handle all of those tough jobs. Soap Free, Odor Free PROCYON Extreme! packs all the POWER of clean and yet maintains the environmental safety of all our PROCYON Products.

WARNING!

There is a story behind each of these headlines...

"Hospital Wing Closed Due to Odors in Carpet"

"Man Says Cleaning Chemical Burns Lungs"

"Carpet Cleaners Complain of Chemical Odors"

"Skin on Hand is Eroded by Chemicals"

"Chemical Causes Rash Outbreak on Children's Arms & Legs"

"Harsh Cleaning Chemical in Carpet Causes School to Close"

"Workers Go Home Sick Because of Odors from Carpet Cleaning"

Carpets ugly out before they wear out because the soapy sticky residue attracts dirt and causes rapid resoiling.

Cleaning products can cause unhealthy indoor air quality issues that lead to serious health problems. These odors can put your family at risk, exposing everyone to an unhealthy, unsafe indoor environment.

The health of you and your children are at risk. When hands are placed on carpet and then into the mouth, toxic chemical residues can be transferred into the body. This process can lead to serious health issues.
